Late Payments:

It is imperative that ALL tuition payments be received and processed on time. Please ensure that your account remains current. Class participation will be suspended for delinquent accounts.

Refund policy:

- We understand the need to be fluid because of the pandemic. If you need to withdraw your student from a class, please let us know as soon as possible.

- **Refunds will only be given for payments received for future months**. For example, if you pay in full, and you withdraw in October, we will refund the amounts for classes held November – May. If you are paying in installments, we will calculate the amount owed through October, and refund any leftover balance.

- **Refunds will not be given for no-shows.** Please call us. If we don't hear from you we are assuming your child will be there.

    - This includes COVID lockdowns and quarantines - we will be holding virtual classes. **You must request a refund right away if you are not able to participate in the virtual classes. We will only process refunds for future classes.**
